## FEDERATED AWARDED \$3 MILLION CONTRACT WITH THE DEFENSE LOGISTICS AGENCY

**Washington, D.C.** - Federated Information Technologies, Inc. (Federated IT) announced on Monday, September 10<sup>th</sup> that it will commence work on a two-year \$3 million Prime Contract with the Defense Logistics Agency.

This contract was awarded to Federated IT after several years of dedicated support as a subcontractor for this effort. As before, we will continue to serve DLA Defense Information System for Security (DISS) Program Management Office (PMO). Where we are tasked to provide help desk support for the Case Adjudicated Tracking System (CATS).

"Winning this prime contract is a testament to the fact that the Federated team was able to provide quality service. We are proud of our employees and the stature that they give to the Federated IT brand." said Matthew Bucholz, President of Federated IT. "I am confident that we will continue to experience this kind of organic growth as we prove ourselves again and again."
