## FEDERATED WINS SMART CEO'S INDUSTRY STAR AWARD

**Washington, DC (November 21, 2016)** — Federated IT's CEO, Kyle von Bucholz, took the stage in front of a sold-out crowd at the Hyatt Regency on November 21<sup>st</sup> to accept the Industry Star award as part of Smart CEO's GovStar awards program.

The GovStar Awards celebrate Washington-area government contractors that have demonstrated excellence in the government contracting sector. "The government contracting industry is one of the most complex and competitive business sectors in the world. But day in and day out this year's finalists come to work with the passion to not only build great businesses but also serve their country, protect U.S. citizens and drive innovation in healthcare, technology and communications," stated Jaime Nesor-Zawmon, President of SmartCEO. "They are inspirational, patriotic and driven to succeed. We are honored to recognize them for their achievements."

"It was a great honor for Federated IT to receive this award and to share the stage with so many other deserving companies", stated Federated IT CEO, Kyle von Bucholz, "every award we receive is a testament to the talented team of employees that we have the good fortune to work with every day".

Founded in 2002 by a retired US Army Special Operations Communications Officer and a retired US Marine Corps Officer, Federated IT is a Service-Disabled Veteran-Owned, and 100% Native American-Owned Business. Federated IT focuses on delivering high quality professional services for its customers and excellent benefits for its employees. Specifically, it provides innovative Information Technology engineering services and Information Assurance support to the Department of Defense (DoD), Intelligence Community (IC), and civil government customers. Headquartered in Washington, DC, Federated's employees provide professional services to customers located around the globe.
